Match Package Inclusions:

- Accommodation (3, 4 and 5-star, including Japan's best hotels)

Hotels

We have personally inspected all featured hotels, below you will find a breakdown of what to expect. Note, Japan does not recognize western hotel star ratings, so we have appropriated them according to western standards. If you look up a hotel in Google, you may see varying star ratings listed, to conduct further research ensure to assess facilities or follow our inspection guidelines. (Jump to Hotels page)

5-star: The recommended choice for luxury amenities, room size, facilities, English speaking staff and property location.

4.5-star: Typically a smaller version of a 5-star hotel with fewer luxury facilities that make up a regular star rating, but still offering fantastic hospitality.

4-star: Generally very good, however room size and facilities will vary, especially outside major cities. Most staff will speak English.

3.5 and 3-star: Typically small rooms. Singles will likely be a single bed, however always clean and tidy compared to western equivalents. Staff have limited English.

Ritz-Carlton Tokyo, 5-star

Tickets

We recommend at least Category C Tickets, which you will find throughout our products. These seats offer great views. We also have Category B upgrades, which offer excellent views and you can upgrade on a per match basis. If you would like Category A Tickets, you will need to purchase a Hospitality Package. We do not offer Category D Tickets, as these are the lowest category in the upper end sections.

Update, Nov 2018: Ticket upgrades are now limited for many key matches.

Hospitality Packages including Category A Tickets

Category A Tickets are only available with an Official Hospitality Package, which can be purchased individually or some can be added to a Match Package or Escorted Tour as an upgrade. (Jump to Hospitality page)

Prices

Throughout this brochure, prices are listed per person in Australian Dollars. If you reside in another country, payment will be made in AUD at your bank or credit card issuers exchange rate, except for Hospitality Packages, which will be paid in Yen.

Rooms

Standard rooms are a hotel's entry level room. Executive rooms are a higher category and offer exclusive lounge access with business services, tea, coffee, canapés and evening drinks plus other benefits. Single occupancies are either in a double room or Japanese custom is to provide a single bed in a single occupancy, which is typically smaller.

Ask us for our recommendations if you're a single traveller to ensure your expectations are met.

Osaka is one of Japan's most beautiful and enchanting cities. Photo: Dotonbori, Osaka

An aerial photograph of the Tokyo skyline at dusk. The Tokyo Tower, a red and white lattice tower, stands out prominently on the right side of the frame, illuminated with warm orange and red lights. The surrounding city is a dense collection of skyscrapers and buildings, mostly in shades of blue and grey, with some lights beginning to glow. The sky is a soft, hazy purple and pink. The text is overlaid on the left side of the image.

OITA

2 Quarter-finals

Watch two quarter-finals on Japan’s southern island of Kyushu. Stay at the Hilton Fukuoka with return transfers. The Hilton is a fantastic hotel with commanding city and ocean views plus excellent 5-star facilities and rooms. Accommodation in Oita is limited, with some options in Beppu, another small town to the north of Oita. Fukuoka is the largest destination on Kyushu and our recommendation. Once back in Fukuoka, we will be watching the other quarter-finals on TV at the Hilton.

Inclusions:

- 3-nights accommodation: 18-21 October 2019
- 2 x Official Category C match tickets:
- **19 Oct: quarter-final 1 (M41)**

A serene landscape photograph of Lake Ashi at dusk. The sky is a mix of soft pinks, oranges, and blues. In the background, the iconic snow-capped peak of Mount Fuji rises above the forested hills. The calm water of the lake reflects the sky and the distant mountain. In the middle ground, on the right side, a traditional Japanese torii gate stands partially submerged in the water, its warm orange glow reflecting on the lake's surface.

and transport around key matches so they can be watched individually or as a group on TV. In some instances there may be an overlap and replays must be watched.

If you would like to deduct a match from a tour, we can arrange reductions before a booking is made. Reductions may not be possible for some matches.

An aerial photograph of the Kawana Resort and Golf Course. The resort's main building, a large white structure with a red roof, is situated in the middle ground. The surrounding landscape is a mix of lush green golf courses, dense forests, and rolling hills. In the background, the iconic snow-capped peak of Mount Fuji rises majestically against a clear blue sky with a few wispy clouds. To the right, a body of water, likely Lake Kawana, is visible, bordered by a rocky shoreline. The overall scene is a picturesque blend of natural beauty and luxury resort amenities.

FLIGHTS

As an IATA Agent, we ticket our flights in-house, with access to the best available fares on all carriers. Get in touch to see the available Group Flights or to request a quote for independent flights to add to your Rugby World Cup experience.

Group v Independent Flights

We work directly with airlines to pre-purchase specific Group Flights to on sell to our customers. Customers check-in as usual, not as a group; it's only booked that way. Group Flights can be direct or with a stop-over. Customers can take a group flight and in some instances change the return flight for a fee or fare difference. For some routings we have economy, premium economy or business class Group Flights available. Group Flights are beneficial due to fixed pricing and availability.

Independent flights are flights booked according to individual needs and will be subject to availability and pricing on the day of quoting/booking according to routing, dates and class of travel.

Direct v Stop-Over Flights

Direct flights to Japan are the most popular and for that reason availability is limited and prices are generally substantially higher. Consider choosing a stop-over flight to save money. You can choose a flight with a short stop-over (a couple of hours) or a long stop-over (1 or more days).

This would enable you to save on the airfare and/or spend that money on an experience in Singapore or Hong Kong, our recommended stop-over destinations. From a stop-over destination, you can fly direct into other cities in Japan such as Fukuoka; which is great for the finals.

Essentially it's a payment card that works seamlessly across the country. It can be topped up at any time if needed and can be a good way to store cash. Learn more.

Transfers for Finals

In all Finals Collection Match Packages (except Tokyo quarter-finals package) we have included return match transfers from your hotel to the stadium by coach. This is a convenient and hassle-free way to travel and we will allow enough time before each match to enjoy the Fan Zone areas, atmosphere and build-up.

Bullet Trains (Shinkansen) and JR Passes

When travelling between cities and across large distances we recommend using the Shinkansen or bullet trains. Your SUICA Card will not allow access to these trains and individual tickets can be purchased as needed. However, we recommend purchasing a JR Pass (included in some packages) for 7, 14 or 21 days of consecutive and unlimited Shinkansen travel. This is a convenient and cost effective way to travel across the country and a unique experience too as trains reach speeds of up to 320km/h in absolute comfort. Shinkansen trains operate from major stations in each city, much like a VLine or Eurostar and will get you to your next destination in a fraction of the time. Learn more.

*Green Class offers more leg room and comfort in a green carriage with 2 x 2 seating. This is not available on all train services, particularly in regional areas.

JR Pass Explained

The Japan Rail (JR) Pass is a special pass valid for unlimited travel on Japan Railways (JR) transportation, including all JR trains, Shinkansen bullet trains (except Nozomi and Mizuho service), limited express trains, express trains and rapid or local trains, JR bus company local lines (JR Hokkaido Bus, JR Bus Tohoku, JR Bus Kanto, JR Tokai Bus, West Japan JR Bus, Chugoku JR Bus, JR Kyushu Bus), JR Miyajima ferry and Tokyo Monorail. You require an exchange coupon in final documentation before departing for Japan, as you will need to exchange this for your actual Rail Pass on arrival in Japan at the airport, station or downtown. Your exchange coupon must be exchanged within 3 months from when the exchange coupon is issued.

- In order to travel in first class additional fees may apply
- To access the platforms, show your pass to the JR staff located at the platform gates
- To reserve a seat, visit ticketing offices at stations
- It is a personal pass. Please always carry your passport when using the Pass as station and train staff may check

Further detailed information will be provided with your final travel documentation.

Rail Pass Booking & Terms

All JR Rail Passes must be ordered with your initial booking and a A\$15 fee pp applies. If we have to issue a separate invoice for a Rail Pass at a later date an administration fee of A\$25 will apply. Once rates are confirmed your invoice will be adjusted to go with your final balance payment. If you decide not to go ahead with a Rail Pass we can remove the ticket price from your final balance invoice; providing we are notified prior to that date. All Rail Passes will be bulk ordered by us in July 2019. If you add a Rail Pass after 15 June 2019 a higher booking fee may apply.

Economy class flights are included in some Tours. We have included 1 piece of baggage up to 23kgs per piece within the Tour cost. Additional baggage will be charged individually at the airport and is at your discretion. We are unable to offer different classes of travel on these Tours within Japan.

Trains included within a Tour are standard class as part of a group booking.

Tours: Airport Transfers

On arrival we include either a Group Transfer or a Limousine Bus Transfer to your starting hotel in Tokyo, Nagoya, Osaka, Sapporo or Fukuoka. This depends on how and when you arrive. It's better where possible to book with us but we understand if you prefer to do your own flights.

On departure we provide a Group Transfer at the most convenient time to our Group Flight departures. If you stay on or wish to vary that departure you will need to make your own way to the airport unless prior arrangements are made with us.

How to Book

FAQs

How can I make a booking?

You can submit a booking request online at events.com.au, or book by email res@events.com.au or phone +613 5989 7666.

What payment methods do you accept?

We accept bank transfer or credit card payments with Visa, MasterCard or American Express (merchant fees apply).

When do I have to make a payment?

See the payment requirements.

What type of match tickets are on offer?

We include Category C tickets as a minimum. We also have Category B upgrades available. If you would like Category A tickets, these are only available with an Official Hospitality Package, please ask for brochure and pricing for these options.

Downgrading to Category D seating is an option however not recommended due to the seat location being behind the goals or in less desirable sections.

Can I purchase tickets individually?

Category A Hospitality tickets are the only tickets that can be purchased individually without other services, although it's recommended you book our great value accommodation and travel services to make your experience great value and hassle free.

Am I able to book some Match Packages now and add others later?

Yes, however all Match Packages are subject to availability at the time of purchase.

Can I add flights to my Match Package or Tour?

Yes, we can book independent flights or we do have a range of Group Flights available until sold out. We encourage you to book flights as early as possible to ensure availability.

Can you book accommodation and other services/tours throughout Japan?

Yes, outside of our listed RWC 2019 products, customers are able to book accommodation and other services throughout Japan including escorted tours and day trips run by other companies with us. We can add-on other services to your broader itinerary. This will help you save and ensure the quality and appropriateness of the services provided.

We are working with Japan's leading Travel Agency to provide the best options and pricing for our customers. Please let us know what you need for a quote in addition to your Match Package or Tour.

How do I go about organising a group?

For groups of 8 or more travelling together please contact us directly to make a group booking to ensure services and seats align. We can invoice the group as a total or invoice individually. Group discounts may also apply depending on event requirements.

How to Book

FAQs

Can I buy part of an Escorted Tour?

Each Escorted Tour has an option to depart early by a few days, only if you are then joining a quarter-finals Tour. If you are not doing this, you must take the full Tour as outlined. There are no refunds on unused services.

Do I need a Visa for Japan?

If you are travelling to Japan as a tourist only and on an Australian passport, you do not need a visa for stays of up to 90 days. For other requirements and nationalities please check with your local consulate or ask us for assistance when booking.

Once booked can we change Package or Tour?

This is only possible if we have availability for the new package and if we think we can re-sell your original package. This will be done on a case-by-case basis, however you will not be permitted to reduce the overall purchase value for your travel arrangements once a deposit is paid.

What happens if I need to cancel my trip?

We strongly recommend that you take out appropriate travel insurance at the time of paying your deposit. As all payments are non-refundable and there are no refunds for unused services. We sell Travel Insurance with CHI to Australian residents, please contact us for a quote. A 15% discount on the premium will apply to our 200 Club members for this event.

Will transfers from my hotel to the match be included?

Match transfers are included for all Escorted Tours on a group basis by chartered coach. For the Finals Collection Match Packages, match transfers are included (with the exception of the quarter-finals in Tokyo). For Match Packages there are no match transfers (with the exception of Match Package 10, which includes transfers from Fukuoka to Oita). If transfers are not included in your package, we recommend using trains to access each stadium instead of a taxi, bus or ride-sharing service.

How do I get around in Tokyo?

On all Escorted Tours and many Match Packages we include a SUICA Card with ¥2,500 pre-loaded per person. This can be topped up at any time using cash or credit cards at all stations. It's the ideal way to travel around the metropolitan area of Tokyo and you can also use the card to make small purchases at stations, vending machines etc. If you have a JR Rail Pass you can use this on most services as well, please contact us to purchase JR Passes and to find out more.

Are local taxes included in my package?

Japan Consumption Tax is included based on the current rate of 8%. If this changes any additional tax will need to be collected. GST does not apply to international travellers, but does apply to separate domestic travel if required.

Do you offer pricing for children?

There are no discounts for children taking a seat in a stadium on the official travel program. Triple or family rooms are available occasionally and this will be assessed on a case-by-case basis.
